WASTE MANAGEMENT PRACTICES

Uday Memorial B.Ed. College, Ranchi is devoted to practicing responsible waste management practices for creating safe and green environment. The stated Waste Management Policy reflects the institution's ethos in safeguarding the environment and creating teachers who are stewards of nature. Waste Management Practices are implemented to nonscientist the student teachers, faculty and staff and to minimize waste and dispose them scientifically in appropriate bin to maintain a green and clean campus. Waste Management Practices in UMBED College occurs at three levels

- **Segregation of Waste Generated in the Campus**

Color coded bins are placed to segregate food waste, dry waste and electronic waste in each floor of the college building. Two bins is provided in every classroom and other place to segregate dry waste and food waste at the generation point. Sanitary pad is disposed in bins placed in the wash rooms of each floor.

- **Disposal of Waste on the basis of its nature**

Vermicomposting is practiced for disposing bio- waste from the garden. There is a vermin compost pit and an in vessel vermicomposting. The student teachers of Natural science optional engage in vessel vermicomposting. Plastic wastes and noncombustible dry wastes are collected by college staffs. One sided waste papers are put to use in office for taking rough copy prints

- **Measures Adopted to Minimize waste**

One time use Plastic items are banned in the college premises. Students and faculty are encouraged to bring lunch in steel boxes to minimize paper and plastic wrapper wastes. Sign Boards like 'don't litter', 'put your waste here' serve as reminder to dispose waste in the right place. Students are trained to convert waste into wealth like: preparing paper bags, cloth bags, mats, cushions, purses, decorative articles, jewelry items from wastes and they also teach the same to the community. The toilet waste drains into the septic tank. Drains are periodically checked and cleaned. Students and staff are encouraged to take up research and projects in environment related topics.

Thus The Principal monitors the waste management practices.
